HARD FIGHT MADE OVER ASSESSMENT

**Local Assessors Will Not Assess
the Banks, It Is Decided.**

**Saloon License in the House Reduced
From \$225 to \$200 Through
Representative Head**

BILLS NOW IN THE SENATE

Frankfort, Ky., March 1.—In the senate the house bill providing for annexation of territory by second class cities, was taken up. Several amendments offered by committee were adopted, the chief one being to provide that before a six class town is annexed, two-fifths of its voters must vote in favor of annexation.

The bill as amended passed unanimously.

The house bill providing for construction of sewers in second class cities and the house bill providing for construction and reconstruction of streets in second class cities were passed with an amendment providing that after advertisement the bids for sewers and streets must be opened in public.

In the House.
Frankfort, Ky., March 1.—The hardest fight occurred at yesterday afternoon's session when it was sought to take the assessment of banks from hands of state board and put it in hands of local assessors for municipal purposes.

The banks themselves were anxious to have this done, but McLean, who made fight, was whipped out. His effort to have local assessor fix valuations on railroad property in cities was also defeated.

Saloon license reduced from \$225 to \$200, was secured after some hard work on the part of Representative Head of Paducah.

In the Senate.
Frankfort, Ky., March 1.—The senate disposed of the following bills:

To repeal charter of Elizaville, Pleasing county, adopted.

Line bill authorizing farmers to pool their crops for the market, adopted.

Bureau bill authorizing magistrates of sixth class town to try ordinary cases, adopted.

Charleston bill, increasing the annual appropriation for the state school for blind from \$10,000 to \$15,000, adopted unanimously.

Debt bill, requiring burial associations to give bonds to secure payment of policies, adopted.

Primary Bill Defeated.

Frankfort, Ky., March 1.—The Ward bill providing for all primary elections to be held by the same election officers and on the same day each year by all political parties came up in the senate as unfinished business and was defeated by vote of 19 to 25.

The bill giving Middlesboro a court passed in the senate yesterday, after debate lasting about two hours.

Governor Beckham this morning signed the Cronin bill to advance the sheep industry and placed a tax on dogs.

Considering City Assessments.

Frankfort, Ky., March 1.—The house of representatives yesterday began consideration of the subdivision of Article 4 of the revenue bill relating to taxation of shares of stock of state and national banks and trust companies. Numerous amendments were offered, chief among them being a proposal to authorize city assessors to assess shares for municipal purposes instead of having value certified to them by state board of valuation and assessment. The amendments provoked some discussion.

Chicago Man Arrives to Inspect Palmer House, and is Pleased With Paducah

Mr. Frank Murphy, assistant manager of the Great Northern hotel of Chicago, and connected with the Chicago interests that have purchased an interest in the Palmer house, is in the city today to inspect the property and confer with the local men interested in the company. Mr. Murphy will probably be manager of the hotel under the new ownership, and is here to look over the city, and consider the matter.

NORFLEET CAUGHT. Man Who Broke Jail Arrested at Clarksville.

A telegram received this afternoon states that J. P. Norfleet, who escaped jail several days ago before awaiting a trial for forgery, had been captured at Clarksville, Tenn.

PRIZEFIGHTER KILLED. Harry Tony, Lightweight, Dies as a Result of Injuries.

San Francisco, Mar. 1.—Harry Tony, the lightweight, who was severely beaten by Franklin Nell, and knocked out in the fourteenth round last night, died at 7:30 o'clock this morning.

To Organize Mounted Officers.
Warsaw, March 1.—Owing to the frequency of political murders the government has ordered the organization of a Warsaw corps of mounted police, the officers to be armed with rifles.

A HENDERSON MAN TO TRY HARGISES

Judge J. L. Dorsey Appointed Special Judge.

Accepted and Took the First Train to Jackson—Hargis Can't Stand Jail Life.

HE HAS BEEN REFUSED BAIL

Frankfort, Ky., March 1.—Judge John L. Dorsey of Henderson, was this morning appointed special judge to try the Hargis cases. He happened to be in Frankfort and at once accepted, leaving on the first train for Jackson.

Slept in Jail.

Jackson, Ky., March 1.—Friends of Judge Hargis, Ed Callahan and B. F. French made an attempt to get Jailer Little to permit them to sleep in the private apartments at the jail.

They agree to pay a guard to be selected by the jailer to guard the rooms in which they slept.

Mr. Little refused to do this, and they were kept in the corridors of the jail.

Affidavits are being prepared to the effect that Judge Hargis' condition at present is such that it will endanger his life if he is kept in jail any length of time. The affidavit is to be made by Dr. O. H. Swango, of this city, who was called to the jail at 1 o'clock in the night to see Judge Hargis, who was suffering with a smothering and a slight hemorrhage of the lungs.

Judge Hargis has made an affidavit in which he complains that the sanitary condition of the jail is such that his life and health are endangered, and he asks that he be transferred to another jail, if bail cannot be allowed him.

POSTOFFICE SAFE

Blown and a Good Haul Made by Robbers.

West Carrollton, O., Mar. 1.—Robbers last night dynamited the post office and secured considerable money, and stamps. The office was wrecked, and the explosion awoke the citizens, but the burglar escaped in a buggy.

Sec'y. Coons Back.

Secretary D. W. Coons of the Commercial club returned last night from Frankfort where he attended the state convention of the State Farmers Institute to invite that organization to meet next year in Paducah. Action will be taken on the location of the next convention tomorrow.

JUDGE LIGHTFOOT WILL BE ON HAND

He is Employed to Fight the Lighting Contract.

Will Appear Before Council—Ordinance to Be Drafted This Evening.

THE OUTCOME IS IN DOUBT.

County Judge R. T. Lightfoot stated this morning that he had been employed to represent the opposition in the letting of the contract for 75 street lights to the Paducah Light & Power Co., and would appear before the council at the next meeting to protest against the board's ratifying the action of the board of aldermen, which voted to let the contract.

Judge Lightfoot stated that he had been employed by agents of people who were opposed to the letting of the contract and that he would be prepared to make a strong fight for his clients when the board met again. He stated that as a citizen was opposed to the letting of the contract and would have an interest in his work other than the interest of his clients.

What the board will do with the proposition is a matter of conjecture. The resolution adopted by the aldermen will be presented, as will also an ordinance from the ordinance committee embodying the contract for 75 lights. The ordinance committee will have a meeting with City Solicitor James Campbell, Jr., tonight and he will prepare an ordinance in a riot and nine with disorderly conduct and live with carrying concealed weapons. A continuance was asked for in each case.

28 Are Under Arrest.

Springfield, O., March 1.—Twenty-eight men were arrested for participating in the riots and were arraigned in police court this morning. Fourteen are charged with participating in a riot and nine with disorderly conduct and live with carrying concealed weapons. A continuance was asked for in each case.

Last Night's Riots.

Springfield, O., March 1.—With eight companies of state troops on guard in this city as the result of Tuesday night's mob violence in which six houses were burned in the negro residence district, more incendiary fires were started again early tonight in various parts of the city.

In about every instance the houses were occupied by negroes.

The Flicker's Nest, inhabited by negroes and which figured in the Dixie mob and the subsequent race war of two years ago, was assaulted last night and several attempts made to fire it, but as it is guarded by militiamen the effort has so far failed.

Up to 11:30 last night the mob had burned two houses and stoned and partially demolished a dozen others, all being inhabited by negroes. The militia chased the rioters at the point of the bayonet. The house of Rev. John Scurry, a negro preacher, was stoned and the family fled terror-stricken from it. The mob then set fire to it, but the prompt arrival of the military prevented its destruction. The homes of two other negroes were riddled with stones. A boy whose name is not known, was shot in the leg.

Martin M. Davis, the railroad brakeman shot by Dean and Ladd, is pronounced dying.

Several hundred negroes have left the city.

John Pierpont, was shot by a negro at a late hour. The negro fired from the upper story while his house was being stoned.

Negroes Hunted On Street.

Dayton, O., March 1.—Guarded by three companies of militia, Ladd and Dean, the Springfield negroes, were taken from the jail here, and left for Springfield. The negroes were hooted on the street, but there was no attempt to interfere with the militia.

Several Rioters Fined.

Springfield, O., March 1.—Roscoe Ridgway, one of the rioters arrested last night, pleaded guilty to carrying concealed weapons and was fined \$200 and sentenced to thirty days in the workhouse. Two others were fined the same amount and another fifty dollars for disorderly conduct.

HEROIC ACT

Daughter With Apron Over Her Head, Saves Father and Brother.

Dayton, Mar. 1.—The country home of N. W. Williams was burned to the ground this morning. While attempting to save the contents of the upper floor, Williams and his son were overcome.

An eighteen-year-old daughter placed an apron over her head, ascended the ladder and found both men, dragged them to the window, which she kicked out, and threw the men into the yard and jumped to save herself. Williams and his son are in a critical condition.

30 COMPANIONS

Stood and Watched Joseph Rich Burn to Death.

Indianapolis, Mar. 1.—Joseph Rich was burned to death this morning in the presence of thirty Illinoisans, all of whom lived in a small four-room house. The flames from an exploding gasoline stove enveloped Rich, and his companions were too frightened to attempt to save him.

Stamp Deputy's Report.

Stamp Deputy Louis Beabout reports a very good month in February. He collected \$9,685.44 and issued stamps for 1,128 barrels of whiskey.

SPRINGFIELD RIOTS RENEWED LAST NIGHT

Several Additional Houses Burned—Militia in Control.

Today Quiet and Every Effort to Be Made to Suppress Trouble.

SOLDIERS GUARD THE NEGROES

Springfield, O., March 1.—The riotous situation is well in hand this morning, the militia being in absolute control. Three houses were burned and a number of others stoned last night and a large number of arrests were made.

Colonel Amund, of the Fourth regiment, in command of the troops, said this morning, "I will restore order in the city in 24 hours, and bring the people to their senses. The condition is satisfactory to date, but I never saw such a determined crowd of people."

Judge Lightfoot stated that he had been employed by agents of people who were opposed to the letting of the contract and that he would be prepared to make a strong fight for his clients when the board met again.

"If the city wants to make such a contract it should be drawn up in due legal form, and this will be probably done after a conference," the solicitor said today.

"I think a great majority of the people are opposed to letting any sort of a light contract," said the mayor today. "I may be wrong, yet I think not. The council is up against just such a proposition as I was when I sought to prevent the city from going into the second class—every one remembers that incident. The whole town was agast me, and I had to yield my position, although I was right, as later events have proven."

The councilmen who are in favor of letting the contract, however, say that what noise is being raised about the contract is coming from a small contingent which is against a contract of any sort with the streetcar company, and that if all the people who think the contract a good thing for the city would give expression to their views, and make a demonstration, it would overtop the one proposed by the "antis."

Moreover, most of the opponents of the transaction who are of sufficient significance to be noticed, are political opponents of the present boards, and will be found opposing them in about every move they make to benefit the public.

Several hundred negroes have left the city.

John Pierpont, was shot by a negro at a late hour. The negro fired from the upper story while his house was being stoned.

The new president is regarded as one of the brightest operating men in the south and began his railroad career in 1878 and from that time until 1881 was a locomotive engineer on the Nashville, Chattanooga & St. Louis railway. From 1881 to 1884 he occupied the position of trainmaster, and from 1884 to 1886 he was a conductor, engineer, operator and office man. In 1886 he was made secretary to the president, and from that date to 1889 he was secretary to the president and general manager, and was also purchasing agent for the road. In 1889 to 1890 he was assistant general manager and purchasing agent, and on January 2, 1890, the office of president and general manager was separated and Mr. Thomas was made general manager of the road, which position he has since held with credit to the road and to himself.

Martin M. Davis, the railroad brakeman shot by Dean and Ladd, is pronounced dying.

Mr. H. F. Smith, the new vice-president, is regarded as one of the best traffic men in the south, and has had much experience in that line of work.

The election of the officers has given general satisfaction among the railroad employees.

MARINE ENGINEER Is Summoned to Give Bond For Alleged Violation of Marine Law.

Mr. Joe St. John, the well known marine engineer, was summoned yesterday afternoon by Deputy U. S. Marshal Wade Brown for alleged violation of the marine laws. He is charged with having acted as a pilot on the steamer Jesse B. recently without a license. It is claimed he made a trip up the river in charge of the wheel in the absence of a regular pilot. The engineer gave bond and will be given a hearing at the next term of court.

FOOT AMPUTATED.

Colored Employee of the I. C. Hurt at Ripley.

Jerry Fleet, colored, an employee of the I. C. at Ripley, Tenn., had his left foot amputated this morning at the I. C. hospital. Fleet was run over last night at Ripley by an engine and his foot mangled so badly that amputation was necessary.

J. W. THOMAS IS NOW HEAD OF N. C. & ST. L.

Popular Former General Manager Gets Good Promotion.

He Succeeds His Father—Mr. H. F. Smith Becomes Vice President of Road.

CHANGES GIVE SATISFACTION.

Nashville, Tenn., Mar. 1.—Mr. J. W. Thomas, for several years general manager of the Nashville, Chattanooga & St. Louis railway, was elected president of that road at a meeting of the board of directors held yesterday and will hereafter have the title of president and general manager.

At the same meeting Mr. H. F. Smith, for many years general traffic manager of the same road, was made vice-president and his title will be hereafter vice-president and general traffic manager of the N. C. & St. L. railway.

Maj. E. C. Lewis, who was elected acting president by the board of directors at the meeting following the death of Maj. J. W. Thomas, and since which time he has been serving in that capacity, was elected chairman of the board of directors.

Theatrical Notes

The "Red" Sousa.

Manager Thomas Roberts, of the Kentucky theater, has some amusing experiences. This morning a prospective patron rang him up at home, and got him out of bed at 6:45 o'clock.

"Is that Mr. Roberts?" she sweetly inquired.

Being assured that it was, she continued, "Well Mr. Roberts, is this the real Sousa who's coming to night?"

Manager Roberts had to laugh to think that anyone was so unsophisticated, but he assured her that it was "The real Sousa."

Sousa and His Band.

Sousa is nothing, if not original. In the 25th year of his career as band conductor, he has, without question, heard a larger amount of music, day for day, than any other musician the world knows. A careful calculation shows that he has appeared in not

less than 8,000 concerts, and has conducted not far from 200,000 compositions, counting repeats. Every imaginable harmonic and orchestral combination have come under his direct and sympathetic notice, yet he has been strong enough and original enough to ignore them all and write compositions in the March form that are so different from all others, that instantly their peculiar qualities are recognized. The leading music critic of Berlin, Germany, puts it this way: "We can always place our finger on a Wagnerian composition and say: This is Wagner; likewise, we must admit that one detects a Sousa march and is forced to say: This is Sousa." This great leader and his band will be at the Kentucky tonight.

"Isle of Spice."

At the Kentucky Saturday matinee and night, will be heard catchy music, pretty dances, clever humor, all of which will go to make up the sparkling comedietta, the "Isle of Spice." The scenic effects are beautiful and the general sprightliness of the extravaganza provides an evening's entertainment that is pleasing. The antics of the two deserters from the United States navy who happen to fall on the Island from balloon keeps things moving all the time, and their escapades cause much amusement for the audience. The musical numbers that abound in the piece scored their usual hit, particularly "Uncle Sam's Marines," "You and I," "The Star of Fate," "How Can You Tell Till You Try," "Goo Goo Man," and "Peggy Brady."

PILES

Can Be Cured and We Can Prove It.

Sample Package Free.—Prove It Yourself.

When we say that we can cure piles we mean just exactly what we say—nothing more, nothing less. We say it because we know it and stand ready to prove it to you or to any other person. Just as we have said it and proved it to thousands already.

It is because of these thousands that we have cured that we are able to say this.

We have done our part in calling your attention to this fact and it is up to you to disprove it. And we offer you the means of doing so, knowing that you can't, and that when you try our wonderful Pyramid Pile Cure you will be so well pleased with it that you will go straight to your druggist and get a box of it.

And more than that, if at any time in the future any person tells you as you have told so many yourself, that they are suffering the agonies of the damned from piles, you will not rest until he or she has bought and is using a box and getting the same relief and cure that you got. We have seen it done.

Here, for instance, is a sample of what a sample did and shows very conclusively that we are dealing in cold, hard facts and not empty assertions. A person who gets a sample never fails to buy.

Mr. John Byrne of 2306 2nd avenue, New York City, writing under date of Jan. 17th, 1906, says: "I received the sample and used it right away. I got so much relief from it after 20 years' suffering, that I bought a 50 cent box. The almost unbearable pain is almost gone and my stool has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I can guarantee they are a sure cure."

Pyramid Pile Cure is for sale at every druggists for 50 cents a box and it is cheap at ten times the price to any one who needs it.

To get a Free Sample send your name and address today to the Pyramid Drug Co., 733 Pyramid Building, Marshall, Mich.

GREAT DISCIPLINE.

No One But "Curtain Raiser" and Electrician Allowed On Stage by Sousa.

The "fly" man, who works the curtain, and stage electrician, will be the only privileged characters on The Kentucky stage tonight when John Phillip Sousa and his band appear for his annual concert.

Stage Manager Will Utterback received an order to this effect this morning, and not even the stage manager is permitted to be on the stage. Sousa and his hand take up all the room there is and in order to preclude attracting the attention of any one member of the band, every one is kept off the stage. This is a rule of discipline the great band master has always followed and he considers it as necessary as is the score to direct from. It is something seldom required, however.

Verdict for Ten Thousand Dollars.
Madisonville, March 1.—In the circuit court here Harry Brown was given a verdict of \$10,000 against the Louisville and Nashville railroad company. Brown was a fireman on said road, and in a head-on collision at the Victoria mines, near this city, last May, he had a foot and leg badly maimed.

LATE BASEBALL NEWS

Manager Berryhill of the Hyphens has been on a still hunt for players ever since he signed his contract a week ago, says the Mattoon, Ill., Star. Just because he hasn't heralded his movements with a brass band, some of the other teams in the Katty league have been wondering why there was "nothing doing" in Mattoon—Charleston circles.

He has two catchers, seasoned and aggressive, who have played in Hyler company than the Katty league. They are men who are farm out to the Hyphens and the teams that loan them to us will pay part of their salaries for the privilege of retaining their hold on them. One of the back-stops is known in Mattoon and his work evoked great admiration last season. He was one of the fastest in the Central league last year until sickness compelled him to lay off. Trautman, pitcher and outfielder, and Bahringer, shortstop, of last season's Lebanon club have been awarded to the Hyphens by Manager McCarty of Cairo in accordance with an agreement with Berryhill.

For chapped hands, face and lips try our

Leaving First St. for Wallace Park

IN NATURE'S LABORATORY.

Buried deep in our American forests, many years ago, Dr. Pierce found a beautiful, blooming plant the root of which possesses wonderfully efficacious properties as a stomach and neural tonic, also as an alterative, blood purifier and liver invigorator, having especial affinity for all our surfaces upon which it exerts a most salutary, soothing and healing influence.

This sturdy little plant is known to botanists as *Hydrastis Canadensis*, but has several local English names, being generally known as Golden Seal. Dr. Pierce found the root of this common forest plant to possess medicinal principles of great potency, especially when combined, in just the right proportions, with Queen Anne's lace, Black Cohosh, Stone root, Mandrake root and Blood-root, the properties of each being extracted and preserved in chemically pure glycerine of proper strength.

This compound Dr. Pierce named his "Golden Medical Discovery," in honor of the sturdy little Golden Seal plant. So little used was the root of this plant by the medical profession at that time, that it could be purchased in the open markets for from fifteen cents to twenty cents a pound. The use of many tons of this root every year in Dr. Pierce's two leading medicines—for it enters into both "Golden Medical Discovery" and also into Dr. Pierce's Favorite Prescription—as one of their most important ingredients—has caused the price of the root to advance until to-day it commands upwards of a dollar and a half a pound.

DR. PIERCE'S FAITH.

Dr. Pierce believes that in our native forests are to be found an abundance of most valuable medicinal plants for the cure of many distressing and most fatal maladies, if we would only seek them out, test them and learn how and for what diseases to use them. Furthermore, he believes that the vegetable kingdom is the one to resort to for the most harmless remedial agents. They act most kindly upon the human system and are eliminated or excreted out of the body by the natural functions without injury, even in cases where it is necessary to make protracted use of them in order to experience permanent cures. Dr. Pierce's medicines being purely vegetable, are perfectly harmless. In other words, while they are potent to cure, being purely vegetable in composition and containing no alcohol, they leave no bad effects behind. This is not generally true when mineral medicines and those containing large percentages of alcohol are taken into the system and their use protracted over considerable periods of time.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our Indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses intrinsic medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anti-ferment.

THEY STAND ALONE.

The fact that neither Dr. Pierce's Golden Medical Discovery nor the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, nervous, etc., patients, will be mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., on receipt of request for same by letter or postal card.

Dr. Pierce's Pleasant Pellets are largely composed of Podophyllin, the concentrated extract of Mandrake root, and they regulate and invigorate stomach, liver and bowels.

Fulton Goes Dry After One of the Most Energetic Contests Ever Waged

Fulton, Ky., again went dry yesterday. The majority of the temperance element was 156.

A local option vote is scheduled to take place tomorrow in the East ward, but it will probably make little difference which way it goes, as the "dry" forces will be the "wets" by voting beforehand on the entire city and carrying the election. Saloons were first voted out of Fulton in 1901.

Yesterday was an exciting day, and the temperance people worked hard. There were prayer meetings and the tolling of bells, and lunches were served free to the workers. There was no trouble of any kind.

FREE CATARRH REMEDY

Gives Instant Relief
No More Bad Breath

"My Secret Remedy Quickly Cures Catarrh."—C. E. Gauss.

Catarrh is not only dangerous, but it causes bad breath, ulceration, dentif and decay of bones, loss of thinking and reasoning power, kills ambition and energy, often causes loss of appetite, indigestion, dyspepsia, raw throat and reaches to general debility, idocy and insanity. It needs attention at once. Cure it with Gauss' Catarrh Cure. It is a quick, radical, permanent cure, because it rids the system of the poison germs that cause catarrh.

In order to prove to all who are suffering from this dangerous and loathsome disease that Gauss' Catarrh Cure will actually cure any case of catarrh quickly, no matter how long standing or how bad, I will send a trial package by mail free of all cost. Send us your name and address today and the treatment will be sent you by return mail. Try it! It will positively cure so that you will be welcomed instead of shunned by your friends. C. E. GAUSS, 5993 Main St., Marshall, Mich. Fill out coupon below.

FREE

This coupon is good for one trial package of Gauss' Combined Catarrh Cure, mailed free in plain package. Simply fill in your name and address on dotted lines below and mail to C. E. GAUSS, 5993 Main Street, Marshall, Mich.

March Bookings for Kentucky.
Manager Thomas Roberts, of The Kentucky, has a good list of attractions to offer his patrons this month. Among them are:

The Player Maid, 7th.
The Black Crook, 10th.
Robin Hood, 12th.
Eva Tanguay, 14th.
Richard Carle, in the Mayor of Tokio, 19th.

A SMALL SPARK STARTS A BIG FIRE

Loss at La Grange, Texas, Was \$200,000 From It.

Togo's Deeds Officially Recited—Circus Man Becomes Suddenly Blind.

A GIRL SNEEZES TO DEATH.

La Grange, Tex., Mar. 1.—Fire which was started by a spark among a lot of cotton stored on the compress wharf caused a loss of \$200,000. The compress owned by Schuhmacher, Rosenberg & Co., a lumber yard owned by the Alamo Lumber company and 200 bales of cotton owned by various parties were destroyed. Loss on the compress is \$45,000; on the lumber \$20,000, and on the cotton \$140,000. The insurance is about 15 per cent. The principal owners of the cotton are Garrow & Co., 500 bales; Morgan Bros., 600; Crawford & Byrnes, 600, and A. Legler, 300.

Togo's Address Repeated.

Washington, Mar. 1.—President Roosevelt has addressed to the secretary of war, who has promulgated the same in a general order, a letter reciting the achievements of the Japanese admiral, Togo, during the late war between Japan and Russia, and repeating for the benefit of American soldiers and sailors the address issued by that admiral on the conclusion of the war. The point of the president's letter is the necessity of keeping the personnel of the army and navy at the highest pitch in time of peace in order to be prepared for war.

Circus Man Stricken Blind.

Pittsburg, Pa., Mar. 1.—While attending a local theatre, "Al" McPhail, of New York, one of the best-known circus men in the country, suddenly became blind. Thinking it was but a freak of his imagination, he lighted a match and held the flame before his eyes. His act attracted the attention of the audience and the players on the stage, and when an usher went to his aid, it was found that he had collapsed. A physician was summoned, who announced that McPhail had been stricken with apoplexy. He was removed to the Allegheny general hospital, where his condition today was reported still serious.

All in One Day.

Los Angeles, Cal., Mar. 1.—To become engaged, to set the wedding day and to be married in one day, is the record that E. W. Rémy, a wealthy banker and lawyer of Carrollton, Mo., who has been staying at the Lankershim hotel for three months, and Miss Alba Calvin of Pittsburgh, Pa., established yesterday.

The bridegroom is 32 and the bride 19. They will live in Carrollton.

Sneezed Ten Hours.

Cincinnati, O., Mar. 1.—Death came to Bessie Cole, daughter of Stephen Cole of Bloomingburg, Fayette county, Ohio, yesterday after a spell of sneezing which lasted ten hours. A physician was summoned. His efforts to check the sneezing were of no avail. The breaking of a blood vessel ensued.

Largest Freight Car Yet.

Milwaukee, Wis., Mar. 1.—The largest freight car in the world is being constructed in the St. Paul shops here. The largest freight cars in use at present are of 100,000 pounds capacity, and they are looked upon as monsters. The new car will have a capacity of 200,000 pounds. It is being built to transport a ninety-ton section of a base for a blast engine, which the Allis-Chalmers company is shipping to Bethlehem, Pa. The car is 41 feet long, has four instead of two trucks, and sixteen instead of eight wheels.

STILL SEARCHING

For Clues in the Mangrum Murder Case.

Mayfield, Ky., March 1.—C. B. Mason, of Jackson, Tenn., brother of the late Mrs. J. O. Mangrum, who disappeared from her home in Nashville, Tenn., with about \$3,000 in jewelry and cash upon her person and whose body was found January 25, in the Ohio river near Cniro, has consulted Chief C. H. McNutt, of the city, for his aid in ferreting out the mystery. Several large and liberal rewards have been offered, for each of the remaining undiscovered portions of her attire—which are hat, autumn leaf design a fur lined cloak, a pair of glasses and a black kid glove. For each of these articles a reward of \$50 is offered. A reward of \$750 is offered for the murderer's arrest and conviction.

Invaluable For Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Lotion was the only thing that gave me satisfaction and tended to alleviate my pains. March 21, '02: John C. Degnan, Kinsman, Ills. 25c, 50c and \$1.00. Sold by Alvey & List.

ARKELL BUYS LAST CHANCE

Valuable Interests in Well-Known Bullfrog Property Bought For the Bullfrog Nugget Company For \$50,000.

(From the Gold Field News, Feb. 16, 1906.)

The Last Chance claim in the Bullfrog district has been purchased by the Bullfrog Nugget Mining company for \$50,000. The claim is the north extension of the Rush mine, which shows a ledge that will assay better than \$50 to the ton across 200 feet. In the Rush ore is being mined within 300 feet of the end line of the Last Chance and the same vein system extends into Last Chance ground. Some time ago Edwin Arkell of Colorado Springs, Colo., secured a half interest in the property for the Nugget company and by persistent effort has finally secured the other half interest and added it to the company's holdings.

That portion of Bonanza mountain on which the claim is located has long been considered profitable mining territory and for some time past has received a generous share of the attention of mining men. A few weeks ago the Rush group adjoining the Last Chance was sold for \$175,000. The Last Chance is considered one of the best estates on the mountain and is said to carry the extension of the Denver, Gibraltar, Eclipse and Rush veins. The latter can be traced for a distance of 1,450 feet north across the acreage.

Fifteen hundred feet still further north on the same contacts is the Sunrise claim, also one of the properties of the Nugget company. A great deal of work has been done on this holding and no less than six strong ledges crop the entire length of the estate. Cross-cutting from the bottom of a 50-foot shaft is in progress and milling values are being secured. Aside from the holdings already mentioned the Nugget company owns six claims northeast of Beatty which they intend to develop later.

Mr. Arkell is now on the ground and has let a contract to sink a shaft on the Last Chance and will push the work necessary for patent.

An application has been made to list the Nugget company's shares on the Goldfield stock exchange. The company has already been financed and has a strong treasury reserve.

THE PADUCAH BULLFROG GOLD MINING COMPANY'S WHITE ROCK CLAIM ADJOINS THE LAST CHANCE CLAIM (SEE PROSPECTUS REFERRED TO IN ABOVE ARTICLE).

BIG SPECIAL FOR FRIDAY ONLY

33 CENTS

33

CENTS

33

...FRIDAY morning at 9 o'clock sharp we will offer you this elegant fully warranted to be as good as made, full nickel plated Shear, 7 and 8 inches long, for ONLY 33 CENTS—one to a customer. WANTS HIS MONEY.

Colored Passenger Claims He Lost Money and Papers.

Railroads are sued for many different things, but one of the most unusual grounds for a suit against the company was submitted this morning in the form of a letter from a negro passenger who passed through Paducah en route east from the south yesterday morning on train No. 104.

The train was delayed by a derailment and arrived late. The negro did not remain in his car but went out on the platform and strolled about the depot. He went into the toilet room and also the baggage room. When the train pulled out he was barely able to catch it, having waited on the depot platform until it was in motion.

This morning a letter was received from him claiming that he was in the baggage room attending to some baggage and left his pocket-book on the baggage room desk. He alleges that the book contained \$20 and some valuable papers.

A search was instituted and an

empty pocketbook was found in the toilet room by one of the porters.

The negro threatens to sue the company, however, if he does not effect the return of his money.

CURED CONSUMPTION.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 25c, 50c and \$1.00. Sold by Alvey & List.

MEDICAL SOCIETY.

Regular Meeting Held Last Night With Dr. Jeff Robertson.

The McCracken County Medical society held a meeting last evening with Dr. Jeff D. Robertson, who read an excellent paper on "Scarlet Fever." The by-laws of the association were so changed as to enable the organization to fix rates for ser-

vice, but the rates have not been fixed. It is likely that the schedule adopted will be \$4 for night calls, \$2 for day calls, and \$1 for prescriptions, which is the rate that now generally prevails.

Invitations and wedding announcements are a specialty of The Sun's job department with prices lower than elsewhere.

Big Reduction in Dentistry FROM FEB. 8 TO APR. 1, 1906

The materials below are of the best on the market, and we guarantee to give satisfaction:

PETER PURYEAR, Notary Public.
My commission expires January 22, 1908.

Daily Thought.

Glory should follow, not be pursued.—Pliny, Jr.

SPEAKING OF GAS PLANTS.

Some of our excellent citizens refer to the "yoke" of the gas company under which the city is straining. The older citizens doubtless remember when the gas yoke was of the city's own construction, as the city owned the gas plant.

In those days, gas sold here for \$3 and \$4, it is understood, and still the city of Paducah made the plant a rank failure, and had to sell it. Gas now sells at \$1 in Paducah, and yet the city at a time when electricity was almost unknown here, when gas was much used, and sold for \$3 and \$4 where it is now selling at \$1, could not make a success of the plant and had to sell it.

The city of Henderson is now investigating its gas plant. A committee of the council, according to the Henderson Gleaner, made an investigation and confirmed the claim that the plant lost \$14,000 for the city last year. The city sells gas, and the \$14,000 loss indicates that it is entirely unable to compete with private companies in furnishing a commodity to the public.

As a result, it is not certain whether the city of Henderson will sell the plant and lift this burden of annual loss from the shoulders of the taxpayers, will lease out the plant, or will continue to run it at a loss, as some of the people of Henderson, sad to say, are in favor of doing.

A capitalist has made Henderson an offer of \$65,000 for the plant, which indicates that there is money in Henderson's gas plant, but the city can't make it, and it will take private ownership to get any profit out of it.

Henderson with her gas plant is simply doing what many cities have done, or will sooner or later do, about their utilities, which soon break down, are poorly managed, give bad service, and almost universally show an annual loss to the taxpayers.

ly abandoned. If it could be shown how many lights thus go out, or are put out to lighten the strain on the plant, every night, the average cost of \$84.92 a light in Paducah would doubtless prove to be entirely too small. In other words, hundreds of times when a light is supposed to have been shining, and the benefit that would be derived by the public from its shining has been credited in the estimate made when the cost was figured at \$84.92 a light, it was in reality, not shining, thus reducing the real number of lights. If all the times these lights were not shining when they were supposed to have been shining were charged up, it would show a vast amount of service the city has not received, and proportionately increase the cost of what the city did get.

Richard Mansfield descends to the level of common humanity long enough to write a statement. "The statement that I am suffering from an incurable disease is without a vestige of truth. I am, thank God, in perfect health and condition. RICHARD MANSFIELD." Mr. Mansfield is mistaken. He is suffering from the most incurable case of swell-head on record.

Often the object of an injunction is to prevent exposure. Charges of a serious nature have been brought against Chief of Police Kiley, of St. Louis, but instead of wanting them investigated so if innocent he can be exonerated, he has taken out an injunction preventing the commissioners from proceeding with the trial. It is a dead give away.

Judge Riddell vacated the bench at Jackson, Breathitt county, in the Hargis cases, but he first sent the accused men to jail, which was a courtesy to the citizens that they should not fail to appreciate.

The Kentucky legislature has little more than a week to remain in session. There will be a sigh of relief from over the entire state when it finally adjourns sine die.

Strange to say, the fruit crop hasn't yet been destroyed a single time this year.

ORDINANCE COMMITTEE

Will Go Over Several Measures With the Solleitor.

The ordinance committees of the two boards of the council will meet tonight with City Solleitor James Campbell, Jr., to go over some proposed ordinances and some on the books that require changing. The ordinance exempting new industries, the city buyer and the license ordinance will be considered. The license ordinance has been amended several times but there are still some features of it that require modifying and these will be considered.

Exhibition at Lamont
Given by the Liberty Ridge school, will be held on Saturday, March 3, commencing at 1 p. m. and continuing until 11 o'clock. The following plays, together with music and tableau, will constitute the evening's program: "Mischiefous Bob," "The Quack Doctor," "A Negro Play," and "Meeting the Ghosts," which will be merry fun in a photograph gallery, bound in horror, and "Mike Donovan's Courtship."

Engineer a Victim of Meningitis.
Mr. Edward Martin, aged 59, a well known river engineer, died at 9:40 o'clock last night from meningitis which developed Sunday from pneumonia. He resided on South 13th street, and was engineer on the towboat Jim Duffy. He leaves four daughters and two sons.

No funeral arrangements have yet been made.

Death in Graves.
Lugs Baker, 47 years old, one of the best known farmers in Graves county, died Monday evening of consumption, at Spray. He is survived by his mother and sister, Mrs. Caroline Bell, both living in this county. He was a cousin of Lee Baker, a well known steamboat man, of Paducah—Mayfield Messenger.

SCOTT'S EMULSION

is more than a fat food. There is no animal fat that compares with it in nourishing and building up the wasted, emaciated body. That is why children and anaemic girls thrive and grow fat upon it.

That is why persons with consumptive tendencies gain flesh and strength enough to check the progress of the disease.

Big Tobacco Sale.
The tobacco market during the month of February, usually a very quiet month, was made prominent.

GOOD REPORTS FOR MONTH OF FEBRUARY

There Was Very Little Building Started Last Month.

Fire Loss Was Less Than \$1,000—Police Make 128 Arrests—Business Was Very Good.

OTHER MONTHLY REPORTS

The spring rush has not begun in building circles. While the weather was generally good in February, yet people were afraid to take chances, and as a result only fourteen building permits were issued, and none of them was for a very large amount.

The following were issued during February by Engineer Washington: T. A. Clark, frame, on Trimble between 19th and 20th, \$700.

Mrs. Ella Harwick, frame on Broadway between 20th and 21st, \$1,500.

John W. Keller, remodel brick building on Broadway between Third and Fourth, \$600.

Mrs. John Porteous, frame on Trimble between 14th and 15th, \$600.

Mrs. John Porteous, frame on Trimble between 14th and 15th, \$700.

John Stroud, frame on Fountain avenue and 19th street, \$1,000.

Mrs. W. C. Overstreet, frame on 10th between Boyd and Trimble, \$300.

A. A. Redmond, frame addition on Kentucky avenue between 10th and 11th, \$40.

Julia M. Husbands, frame on Hill between Gilson and Sowell, \$100.

E. E. Bell, frame on Sixth between Husbands and George, \$900.

Mrs. Amelia Hymash, brick on Clay between 11th and 12th, \$750.

W. L. Rayburn, frame on Clay between 19th and 20th, \$550.

West Kentucky Coal Co., frame on Ohio street between First and Second, \$1,200.

Samuel Liebel, frame on Ninth between Bochman and Elizabeth, \$200.

Samuel Liebel, frame on Ninth between Bochman and Elizabeth, \$200.

The police department's report for February shows 28 more arrests than during the preceding month, although February is much shorter than January. The arrests were for the following: Drunk and disorderly, 22; breaches of the peace, 31; drunk, 26; housebreaking, 5; rape, 2; murder, 1; obtaining money under false pretenses, 5; breach of ordinance, 5; petty larceny, 3; fugitive from justice, 1; malicious assault, 3; escape from chancery, 1; malicious cutting, 1; carrying concealed weapons, 4; neglecting family, 1; malicious shooting, 1; grand larceny, 2; vagrancy, 1; disorderly house, 2; mayhem, 1; using insulting language, 2; seduction, 1; false swearing, 2; total, 128.

Marriage Licenses.

Twenty-nine marriage licenses were issued by the county clerk for February to white persons and five to colored persons, a total of 34.

Twenty-eight Runs in February.

There have been very few fires since January 1. While the fire departments made 28 runs in February, the total loss was less than \$1,000, 26 of the runs were to small blazes, mostly from defective dues, and two of the alarms were false.

River Business for February.

February was the best February for business in river circles in years. There was no ice in the rivers around here at all, and all of the packets had a good volume of business both in passengers and freight business—the volume surpassing anything done in the same month in any year.

In retail circles, February was a very dull month. Too late, and too mild to stimulate much demand for heavy goods, the retailers find themselves stocked up very full on some lines of winter goods. The advance buying for spring has set in very lively and the indications are for a good season.

Street Car Traffic Good.

Traffic on the street cars for February shows a good increase over last February, and is an indication of the growth of the city.

Sewer Inspector's Report.

Sewer Inspector A. Franke's report for February shows: Plumbing permits issued, 2; water tests made, 2; smoke test made, 2; yard permit issued, 1; yard sewer tests made; final test and connection of sewer granted, 2; flush tanks, 15.

Big Tobacco Sale.

The tobacco market during the month of February, usually a very quiet month, was made prominent.

by the purchase of from 500 to 700 hogsheads of tobacco for the English government by a local broker. This was one of the biggest purchases ever made in Paducah during the winter season.

Railroad Business Good.

The I. C. reports a very good business generally during the month of February.

The baggage business at the local station was not up to the business of the preceding month but during the latter part of February did pick up a great deal and the new month was entered into with a very brisk business. The ticket department reported a great deal of travel, especially the latter part of the month when the southern travel began. A number of persons went south to the southern cities, carnivals and Mardi Gras in New Orleans.

The freight department reports a good business. The regular spring business is beginning to come in and tobacco is being shipped in greater lots now than in years at this season. This is probably due to a big private purchase for the English government last month by a local broker.

Rainfall for February.

The rainfall for February, as indicated by River Observer S. A. Fowler, was 8.66 inches.

Wire Inspector's Work.

Mr. Frank O. Evertz, wire inspector for the city, reports a very busy month in February. He inspected many new buildings under course of construction and a number of old buildings which had been "done over." Some property owners showed an inclination to be backward in making the ordered changes. The Inspector has met with comparatively few obstacles and states that the property owners generally seem to want to do the right thing. Mr. Evertz was placed on trial for one month and his appointment has not yet been made permanent. He will have a detailed report to make the legislative boards at the next meeting.

School Attendance Good.

The attendance in the schools during February was good, above the average. It was the first month of the second term and the enrollment was greatly increased the first week or two, especially in the primary grades. The pupils and teachers exhibit great interest in the work and the schools are reported running over smoothly.

I. C. Hospital Report.

The railroad hospital reports a very quiet month. In fact the hospital has done less the past winter than

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. Ask your own doctor about taking Ayer's Sarsaparilla for thin, impure blood. We have no secret! We publish the formulas of all our medicines.

J. C. Ayer Co., Lowell, Mass.

YOUR MOVE NEXT

We have moved into the Ell Gothic old stand, 315 Broadway, and we call your attention to our March sale. As we had sold out of the Rogers Plated Ware, we ordered a large shipment to supply the many callers for the Rogers Silver Plated Ware we had on sale. We now quote you prices which should make you move to get silverware at these prices:

Rogers Bros.' 1847 Knives and Forks, regular price \$4.50; March sale price, \$3.45 per set.

Genuine Rogers Teaspoons, regular price \$1.50; this sale, 75¢ per set.

Genuine Rogers Tablespoons, regular price \$3.00; this sale, \$1.50 per set.

A 20-year guarantee filled case Elgin movement, \$8.00.

A solid gold case Elgin movement, \$12.00.

Engraving free on every piece so'd. Our repair department is first-class—21 years experience. Eyes tested free.

J. A. Konetzka, Jeweler and Optician.

EYE SEE JEWELRY AND

Would You Look Good if the Price Was the Same?

It's all in the lines, the tailoring is what marks. You will find it in all our skirts either in Panama, Voile, Serge, Cloth, Silk or Mohair. The prices are \$5.00, \$6.00, \$7.50, \$10.00 and a bit higher for the silks and voiles. All our spring skirts are in and we have arranged to fit the LARGEST as well as the smallest lady. Waist measures as large as 38 inches. Come and see them at once at

Mrs. H. C. Allison returned from Mayfield this morning after a visit to relatives.

Dr. B. T. Hall went to Iola this morning on professional business.

Mrs. S. E. Bynum, of Murray, is visiting her daughter Mrs. John Reavis of Trumball street.

Major M. Bloom, who has been ill at the home of his daughter, Mrs. A. C. Einstein, at St. Louis, does not improve rapidly, but continues cheerful. He suffered a stroke of paralysis about Thanksgiving, which affects his lower limbs.

Mr. Pat Bush, former sheriff of Livingston county, was here last evening en route to Cairo, where Albert Mitchell, a relative, is very ill, from pneumonia.

Supt. C. M. Leib, of the public schools, is expected to return from the educational meeting at Louisville this evening.

Mr. and Mrs. Frank Rieke have returned from a visit to New York city.

Mr. Louis Rieke, Jr., has returned from New York and the east.

CLOTHES OF STRANGER

Identified As Those Worn By Man Suspected of Stealing Watch and Money.

Mrs. M. A. Hyrd, of Kentucky avenue, who lost a \$30 watch and \$5 in cash night before last, identified the suit of clothes exchanged at the Gallagher boarding house the same night, as those belonging to the man she thinks got her watch and money.

Mrs. Hyrd stated that a man named Murphy roomed at her house one night and on Tuesday afternoon late entered a room and when he left her money and watch were missing. It developed that a man answering the description also roomed at the Gallagher boarding house and when he went to that place, probably after he had left the Hyrd house, exchanged the suit of clothes he wore for a better suit belonging to a man named Love.

The clothes left at the Gallagher house were taken to the police station where Mrs. Hyrd identified them.

It appears that Murphy was a pretty slick customer and left here with a new suit, a watch and some pocket change. The police are trying to locate him, the watch and money being of more value than \$20, which constitutes a charge of grand larceny.

HOMED OF WORKS.

No Matters of Importance Were Settled at Yesterday's Meeting.

The board of public works held its regular meeting yesterday afternoon. The Island creek bridge matter was deferred. The wharfmaster was instructed to see that nothing gets in the way of boats landing at the public wharf. The Pittsburg Coal company reported that it would do anything the city desired about the Washington street dock of the company. Contractor Katterjohn was instructed to remove some obstructions from the streets near the Elks' building. Supt. Keebler was instructed to buy a new crank shaft for the light plant. The board decided to agree on the streets to be sprinkled by the city, buy next Wednesday.

Manager Bleecker, of the traction company, reported that some of the company's wires to city poles were placed there before the new owners took charge. He agreed to do whatever the city demanded.

The question of who is to repair streets that were formerly county roads was not settled, and the city will do the work temporarily.

Chapter Meeting.

Paducah Chapter, Daughters of the American Revolution, will hold the regular meeting for March with Mrs. Leslie Soule on North Fifth street tomorrow afternoon. The quotations in response to roll-call will be from James Madison, "Lafayette and His Family" and "Penn and the Quakers" will be discussed in papers. There will be an important business meeting of the chapter, beside the social and literary side.

Epworth League Social.

The social department of the Broadway Methodist senior Epworth League will give a "Basket Picnic Party" in the league parlors of the church tomorrow evening. Each young lady will bring a lunch for two, and this will be served with an al fresco effect. All the young people of the church are invited. No charge whatever.

Invitations Recalled.

Owing to illness Mrs. William Hughes is compelled to recall her invitations to the card party for Friday afternoon at her home in honor of Mrs. William D. Sanders of Paducah, and of Mrs. J. Moss Terry, of Louisville.

Called to Meet.

The active members of the Matinee Musical will meet with Mrs. Hubbard S. Wells Friday 10 a.m. in her apartments at the Empire flats.

Postman Jesse G. Curd is in Mayfield on business.

ASK THE DOCTOR MCPHERSONS DRUG STORE

NOTHING IN IT

SO JUDGE SANDERS DISMISSED CASE AGAINST TOM ELLISON.

SON.

Jesse Harris, of Mayfield, Alleged to Have Been Drunk, and Lost Money.

Tom Ellison, a bartender, was dismissed on a charge of grand larceny this morning in police court after a trial lasting nearly two hours. Ellison was charged with taking \$130 from Jesse Harris, of Mayfield, several nights ago in the Sue Eggleston West Kentucky avenue resort. He was in a party with Harris and the latter was very drunk. In some way he lost his money and the evidence showed that many opportunities were presented to others as well as to Ellison, and Judge Sanders dismissed the warrant.

The only evidence that went to show Ellison had even touched Harris' clothes, was that of several women and men who were present in the parlors of the resort when Ellison got a sack of tobacco from Harris' pocket.

Judge Sanders remarked briefly that this was one of the typical "jag cases" when men get out and drink until they are drunk, and forget what they did while they were intoxicated. He stated that dozens of such cases have come before him and not in one has the blame ever been fastened securely on any one person, and he did not think it wise to hold Ellison on such flimsy circumstantial evidence.

The case against Berry Smith, colored, for alleged criminal assault on a colored girl, was continued until tomorrow in order to give the defendant time to procure attorneys and witnesses. He was brought here from Fulton, where he was arrested. Other cases today were: Harry Moreland, white, breach of ordinance, \$5 and costs; John Tucker, white, breach of the peace, \$5 and costs; E. S. Miller, white, drunk and disorderly, \$10 and costs; Frank Bontwright, white, insulting language, left open.

IN THE COURTS

State Pays Its Share.

County Clerk Hiram Smedley has received from State Treasurer Henry Hosworth, of Frankfort, \$375 to be used in paying the county supervisors of McCracken county. The state pays half of the expense and the total cost was \$700 this year.

County Court.

W. J. Pierce today qualified as a notary public.

Suit Over a Sale.

Dr. R. A. Hicks today filed suit against A. N. Robinson and others attaching funds amounting to over \$300 the proceeds of a sale. The plaintiff asks that the funds be declared his by previous claim. The defendant claims them exempt from litigation. The funds are proceeds of a sale of property ordered in court to be sold.

William Bancock Case.

Attorney E. W. Rigby, referee in bankruptcy, will go to Murray tomorrow to attend the first meeting of creditors in the bankrupt matter of Bogard Williams, of Birmingham, Ky.

Trial Set For Tomorrow.

Jesse Donovan, white, was warned this morning for obtaining groceries by false pretenses. C. Tucker, a grocer of 1113 South Third street, alleges that Donovan claimed to be employed at the Paducah Cooperage Co. plant at a good salary and on the strength of it secured groceries and that it developed he was not working for the company at the time. He was arrested and will be tried tomorrow morning.

Licensed to Marry.

The following marriage licenses were issued since yesterday afternoon:

John J. Greenbrier, of the city, aged 35, to Cornelia Meyers, legal age, of the city. First marriage of former and third of latter.

Richard Burkley Smith, aged 24, and Letta Ford Poe, aged 19, of the city. First marriage of the former and second of the latter.

John Bethel Marion, III, aged 21, and Minerva Lambert, aged 24, of Creal Springs, Ill., second marriage of former and first of latter.

Died.

John Keen died to M. A. Whittaker, for \$1 and other considerations, property in the county.

"You don't mean to say he spanked the child in a public place?"

"No. He spanked him in the usual place, but right out there before everybody,"—Judge.

MUST BE AVOIDED

Prominent Lawyer Says Strike Would Be Against Public Interests.

New York, Mar. 1.—Judge Gary, of the steel trust, issued a statement today in which he declared that differences between operators and miners, must be amicably adjusted to protect public interests. He said it would be impracticable for both sides to allow a miners' strike.

THE VOICE OF RHEUMATISM

Sharply That Twinge Tells of Something Wrong—URIC ACID.

It is plain that as the years pass by the number of rheumatic sufferers is growing less, and as a matter of fact it is remarkable that in this day and age there should be any rheumatism at all.

The different schools of medicine all agree on its cause—uric acid—and while many treatments plainly fail, yet every one who reads the newspapers sees the common-sense cure published.

Rheumatism is scarcely to be considered a disease. It is rather a symptom—the real disease being an overload of uric acid in the system.

This poison is ever present in the body and it does no harm unless permitted to accumulate. Then wet feet, severe cold, exposure, worry or any nervous shock, and, as every physician knows, the uric acid settles in the joints and muscles, giving rise to the different forms of rheumatism.

Plainly the only cure is to remove the cause of disease—the deposits of uric acid.

LIFE PLANT shows how uric acid accumulates and tells how LIFE PLANT drives it out. It cures Rheumatism, Neuralgia, Catarrh, Lumbargia and all uric acid diseases—cures them by driving out the cause—uric acid. LIFE PLANT cleans the blood, makes the kidneys and stomach healthy, tones up the system and produces a sound body.

If you believe that the way to cure disease is to remove its cause take LIFE PLANT. Your druggist sells it. If not write to the LIFE PLANT COMPANY, Canton, Ohio, for free medical advice and valuable free booklet on GOOD HEALTH. Better write now.

THE MARINE RULES ARE LITTLE CHANGED

Supervising Inspector Dorsey Back From Washington.

Boat Owners Must Look to Congress for Relief From Gasoline Boat Evil.

SEW LAW MAY BE PASSED

Capt. E. L. Dorsey, supervising inspector of steam vessels for the Louisville district, has returned to Louisville from Washington, where he had been since January 15 attending the annual meeting of the board of supervising inspectors. This board is composed of the ten supervising inspectors of the United States and holds a session annually for the purpose of hearing complaints of the owners of steam vessels and discussing changes in the marine laws that will simplify matters and redound to the advantage of the government and the boat owners.

Capt. Dorsey said that they discussed many questions, but he could not give out any information as to the recommendations of the board until they had first been approved by the secretary of the treasury.

While the gasoline boat matter was discussed by the supervisors, yet they have no control in the matter and congress alone has the power of changing the law so that gasoline boats will come under the license and inspection system like steam vessels. Capt. Dorsey is confident that congress will amend the law in the near future so that all crafts will come under the marine law. Owners and operators of steam craft complain bitterly of the fact that they have to comply with the laws at great expense, while a gasoline boat just under fifteen tons displacement can run in opposition without having to be inspected or supply itself with all life-saving devices.

Capt. Dorsey admitted that some changes in the marine rules had been made, but that no change of any consequence had been made that would affect this section of the country. He enjoyed his stay in the capital city.

PRESBYTERIAN CHURCH

Union Is Being Prepared For—Meeting March 14th.

Pittsburg, Penn., Mar. 1.—Representatives of the Presbyterian church, United Presbyterian church, Reformed church in America, and the Reformed Presbyterian church will meet at Charlotte, N. C., March 14 for the purpose of preparing a basis for the federation of the denominations. At a meeting held in this city over a year ago a basis for consolidation was prepared and arrangements were made to present the same to the legislative bodies of the churches. The various general assemblies and general synods received the report favorably, but in each instance referred it back to the joint committee for more detailed plans.

HENDERSON'S GAS PLANT

Causes a Division of Sentiment Among the People.

Henderson, Ky., Mar. 1.—The city of Henderson has an off-hand offer of \$65,000 for her gas plant. The proposition was made by W. B. McDonald, of Evansville, Ind., who is thought to be representing other persons, to the gas committee of the common council at a meeting held last night. The plant has been running at a loss for some years, and this committee is investigating to ascertain, if possible, the reason therefor. The plant is valued at \$100,000. There are some differences of opinion as to whether the plant can be sold or leased.

Mayor Harris holds that the matter will have to be submitted to the voters of the city, while City Attorney John F. Lockett says that it does not have to be submitted and that the council has the power to lease or sell. The gas committee will give no answer until its investigation, just begun, is completed.

Notice of First Meeting of Creditors. In the District Court of the United States for the Western District of Kentucky, in Bankruptcy.

In the matter of Will Jones, bankrupt.

To the creditors of Will Jones, of Paducah, in the county of McCracken and district aforesaid, a bankrupt: Notice is hereby given that on the 24th of February, A. D. 1906, the said Will Jones was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 10th day of March, A. D. 1906, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting.

BUILDINGS FOR KENTUCKY CITIES

Mayfield and Danville Seem to Stand the Best Chance.

A Number of Kentucky Cities Are After Government Buildings, However.

NOTHING IS YET SETTLED

Representative Bennett, at Washington, yesterday introduced public building bills for Catlettsburg and Ashland, carrying appropriations of \$100,000 and \$200,000, respectively.

There is a good deal of rivalry between Ashland and Catlettsburg over a public appropriation. It is hardly probable that two cities in the same congressional district will be recognized in the public building bill.

A Washington dispatch to yesterday's Louisville Post said:

Public building bills were introduced at this session for Paris, Harrodsburg, Lawrenceburg, Somerset, Lebanon, Ashland, Catlettsburg, Cynthiana, Bowling Green, Owensboro, Mayfield, Winchester and Mt. Sterling.

Representative Gilbert said today that he has worked hard for a public building at Lawrenceburg because of its importance as a revenue collection district, but that the sub-committee on buildings and grounds is disposed to favor Danville. If any building is given to the Eighth congressional district Mr. Gilbert thinks that Danville is included in the tentative draft of a bill, but this does not tally with the information obtained from other sources.

The fact that four Kentucky cities are provided for in the tentative draft is not a certain indication that appropriations for these cities will be made, the full committee has power to revise the reports of the sub-committee, and in the process of paring down an elimination some of the Kentucky cities may suffer. The committee is rather favorably inclined toward Danville because it is the home of John W. Yerkes and because it has very satisfactory postoffice records.

The four buildings almost certain of being provided for, are as stated in yesterday's dispatches:

Mayfield.
Owensboro.
Bowling Green.
Winchester.

It seems the only rational remedy for coughs and colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the original Laxative Cough Syrup, the best known remedy for coughs, colds, croup, whooping cough, etc. Tastes good and harmless. Sold by Lang Bros.

CLARKSVILLE TOBACCO MARKET.

Clarksville, Tenn., March 1.—The receipts in the local tobacco market last week were 88 hogsheads; offerings on the break 40 hogsheads; total sales 47 hogsheads, nearly all new crop and mostly independent tobacco, which are selling at satisfactory prices. Receipts are larger in the loose market, and prices are strong both leaf and lugs. With the present weather receipts of prized and loose tobacco should soon be much larger. The following prices are quoted: New lugs, \$4.25 to \$4.50; common lugs, \$4.50 to \$4.75; medium lugs, \$4.75 to \$5.25; good lugs, \$5.25 to \$5.75; low leaf, \$5.50 to \$6.25; common leaf, \$6.50 to \$7.00; medium leaf, \$7.50 to \$8.50; good leaf, \$9.00 to \$10.00; fine leaf, \$11.00 to \$12.00; selection, none offering.

The best safeguard against headache, constipation and liver troubles is DeWitt's Little Early Risers. They don't gripe. Sold by Lang Bros.

EXCURSION—ST. LOUIS.

The Illinois Central railroad will run a special excursion to St. Louis, leaving Paducah union depot 8 a. m. March 22, via Cairo, fare for the round trip \$3; tickets will be good returning for three days on regular trains. No baggage will be checked on these tickets, nor will they be honored on sleeping cars.

(Continued from yesterday.)

CHAPTER XVIII.
THE blowing up of the Red Star mill and shaft house shook the entire district with its possibilities of further violence and concealed beneath its dust and smoke the rich discovery in the Kelly mine. The partners had time to calculate chances and plan for the buying in of the property.

The din of controversy was deafening. The labor leaders disclaimed all knowledge of the outrage and roundly condemned it for the foolishly destructive act it really was. Kelly marched in among them like a grizzly bear and stormed thunderously. "You are responsible," he growled. "You sit here and send out appeals to the world while these hounds work their will. Where was Munro and his regulators?"

"They can't be everywhere," explained Carter. "No one supposed such a thing could happen in the daylight."

"We're all a set of chicken heads. You've created a power ye can't control. I give ye notice that if ye don't go after the thieves that did this work I'll organize a vigilance committee and take charge of the whole gang of you." And he strode out of the room, leaving the officers of the union disgraced and angry. He confessed to Raymond on his return that it was a foolish action.

"It was, Mutt. You couldn't have done a worse thing. A large number of these dago miners already consider us their enemies, and this will confirm them. We might as well take steps to fight to get our party of the third part in some sort of organization."

All this excitement and worry aided Raymond in tiding over the day, but when midnight came and the committee had slipped away into the night his sense of loss and a feeling of loneliness took possession of him. Ann had announced her intention to return to the Springs at the end of the week, and, though she had vaguely promised to visit the peak again, Raymond was not deceived.

"She's quite right," he admitted to his better judgment. "A mining camp is no place for her or for Nora. Since the destruction of that mill it is even less desirable than before as a place of residence."

While on his way to the bungalow the following afternoon he met Munro accompanying a stranger, a big, blond, handsome fellow in a gray traveling suit and soft hat. His face was plump and his brown beard close clipped, and, though he realized that he was more or less in danger, his eyes were smiling.

Munro called out, "Bob, do you know this chap?"

"I do not."

Munro turned to his prisoner. "I thought you were lying."

The stranger remained untroubled. "I didn't say I knew Mr. Raymond. I merely said that I wanted you to take me to him. Mr. Raymond, I am Wayne Peabody, an old time friend of Miss Hupert. Will you please explain to this knight of the hills that I am nowise interested in his strike?"

Raymond looked at him keenly. So this was the eastern lover—this fat, fair man. "I think I have heard of you," he began slowly.

Louis arrived relieved the awkwardness of the moment. "Hello, Mr. Peabody, how did you get here?"

"Peabody caught at the boy's hand. Well, well, Louis, I'm glad to see you. You saved my life. How is Ann?"

"Fine! You ought to see her work. She's brown as oak. Come on, I'll take you to her. Gee, she'll be glad to see you!"

As Peabody excused himself and made off, Munro, with a world of meaning in his voice, softly swore. "Well, if I'd known that I would have killed him and left him way under a little rock. She turned me down just the other day, and it hurt. It hurts worse now that I've seen the other man. I really hoped you were the winner."

"She's out of our world, Jack," replied Raymond, and a large part of his resentment of Munro's impertinence vanished with the knowledge that he was a fellow sufferer in despair.

Munro went on gravely: "She had me going, sure thing. Why, I stopped drinking—just as I told you I would—and I cut off Claire. Say, boy, that was a severe job! She raised dust for a day or two, but when the queen of heaven gave me my joit I said, 'W'nt the good' and slipped into my old ways. Think of us strutting around the parade ground in front of the seats of the visitors' with intent to beat out old tyrant, and here we are! I'm polluting a mining camp and you're pawing dirt like woodchuck. What a filly is there, my brother!"

Raymond did not enjoy Munro's tone and changed the subject. "What are you going to do now?"

Munro censed to laugh. "I am going to clinch this whole camp a little tighter from this on. I'm going to turn back every nonunion miner. All you fellows who are friendly can go on working just the same, but your men must put themselves on record."

Raymond's face settled into stern lines. "Jack, I don't want to be mixed up in another man's fight. We are on good terms with our hands—they're a lot of cantankerous American citizens anyway and can't be coerced. I warn you not to monkey with our plant."

Munro jauged. "I'll fight shy old

I. C. YARDS MAY BE EXTENDED SOON

The Present Yards Here are Not Large Enough.

Car Tracer Goes Through Local Shops—New Telegraph Office at Gravel Switch.

SOME OTHER RAILROAD NOTES

There is talk of increasing the south I. C. yards and also the shop yards, the latter to Broadway; but so far it is mere rumor and nothing definite has been decided on.

Since the I. C. acquired part of the Tennessee Central road and created the Nashville division, much freight is handled here for the new territory opened up, and the yards will be filled constantly. It is feared this summer during the rush of business.

The spring business is already setting in and the yards have been taxed to their utmost capacity already.

There is plenty of room in the south yards for enlargement but little in the shop yards. The tracks in the shop yards can be extended to Broadway and a great deal of more yard room made, but whether this will be done or not remains to be seen.

It is predicted by local railroad officials that this will have to be done before summer ends, if it is not done sooner.

Bad Practice Discontinued.

Officer Dick Tolbert, day policeman at the I. C. shops, has succeeded in breaking up the habit formed by school children of crossing the I. C. shop yards, making a short cut from the west end of Clark, Adams, Jackson and Ohio streets. This was ordered the fore part of the week to preclude the danger of children getting injured by the engines which are incessantly working in the yards.

The school authorities co-operated with the road in effecting the change and the pupils have been broken of the habit and now go around, not crossing the tracks at all except at 11th and Broadway.

(To be Continued.)

Gives Health, Vigor and Tone.

Horbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes, I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. Sold by Alvey & List.

RIVER NEWS

The river is rising yet, the gauge today showing 13.7, a rise of 1.5 since yesterday.

The Dick Fowler had a good trip for Cairo and way points today.

The Chattanooga went up to Smithland for some corn yesterday and leaves today for Chattanooga. She has a good trip.

The Hopkins was the Evansville packet today.

The Castilla, belonging to the Ayer and Lord Co., is being fitted up today to go to Nashville to take a Chicago party, headed by J. B. Lord, of the company, on a tour of inspection of the Cumberland and Tennessee rivers. She will get away some time today.

The Saltillo will leave St. Louis tomorrow on her trip of the season in the St. Louis and Tennessee river trade.

The Stack Lee, from Memphis, for Cincinnati, is due tomorrow, and the Peters Lee, from Cincinnati to Memphis, is due Saturday.

W. D. McDonald, of Chicago, was in the city yesterday conferring with some Chattanooga people with reference to the sale of the towboat "Kit Carson." The Carson belonged to Mr. McDonald's father, Capt. McDonald, formerly of Dubuque, Ia., who died a few weeks since. She was brought here last fall to enter the Tennessee river trade. Since Capt. McDonald's death she has been under charter to Capt. Peck.

The Best Cough Syrup.

S. L. Apple, ex-Probate Judge, Ottawa, Ill., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c and \$1.00. Sold by Alvey & List.

With each sack of Bull Durham Smoking Tobacco one 5 cent book of Rizla Cross Cigarette Papers, at

Special Agent King Here.

Mr. J. D. King, special agent for the Louisville division of the I. C. was in Paducah today on business.

Mr. King succeeded W. T. Dineen, who is now assistant chief of the entire system, with headquarters at Waterloo, Iowa, Western divisions. Mr. King has done good work since he was placed in charge of the Louisville division. Several months ago, during November, he worked up a strong case against box car breakers at Princeton and since that time states no more cars have been broken into. The division has suffered comparatively little from this source since that event, and it appears that a moral reform has struck the yeggmen who infest the railroad yards.

EAST TENNESSEE TELEPHONE COMPANY.

We have in the city about 2,800 subscribers or five times as many as the Independent Co., outside the city and within the county we have 63 times as many subscribers as the Independent Co. Yet we will place a telephone in your residence at the same rate the Independent Co. is supposed to charge and provide in addition, long distance facilities which will enable you to reach fifty million people from your home. Call 300 for further information.

NO ARREST YET

BUT POLICE EXPECT TO ARREST AUGUSTUS' SLAYER SOON.

Plain Clothes Men On the Trail of Men Said to Have Done the Work.

Detective Will Baker was in Paducah this morning and stated he and Detective Moore are still working on the Augustus murder mystery. "The newspapers were a little premature in publishing facts about the work of the police," he declared, "and it may be that the men we are after will be tipped off by the papers and

escape us, although at present we believe we will have them, in a few days if not sooner."

"The men were located all right but they are good dodgers and we have been unable to lay our hands on them. We secured definite information relative to the matter and Detective Moore is still out working on the case. I will follow this afternoon and will keep busy on the case until we have apprehended the men."

Detective Moore went to Fulton this afternoon, and may cross over into Missouri from there.

Married in Christian.
Hopkinsville, Ky., March 1.—C. D. Jackson, a prominent young business man of Kelsey, and Miss Myrtle Yancey, of Dyersburg, were married here. The Rev. C. H. Nash performed the ceremony. The young couple returned to Kelsey this morning.

T. P. A. ELECTION

WILL BE HELD THIS MONTH—STATE MEETING HERE.

Elks Begin Nominations Tonight—Other Lodge Matters of Interest.

The members of the local post, Travelers' Protective Association, are beginning to sit up and take notice of the annual election, which takes place on the last Saturday in March, the 31st. This will be discussed at the regular post meeting next Saturday night.

Thirty days after the post elec-

tions are held in the various cities, the state convention is held and the state election takes place. This year the state convention will be held in Paducah the latter part of April, and a large crowd of delegates is expected here.

Eagles Get Eleven New Ones.
The Eagles last night held a meeting at their hall at Sixth and Broadway and initiated eleven new candidates. The order is growing rapidly and now contains about 500 members.

Elks Meet Tonight.
The regular meeting of the Elks will take place this evening, and nominations will be made for the offices of the lodge, which are to be filled at the last meeting this month. The nominations will be in order at every meeting this month, and the

prospects are that there will be quite a number of candidates for each place.

Want Shriners Here.

The Shriners are trying to secure a subordinate branch of this great organization for Paducah. The Potentate or principal officer resides in Texas and in reply to an expression of the desire of local Shriners to have a lodge here, stated that per-

mission would have to be secured from Louisville Temple. Quite a number of Paducahans are Shriners, and Louisville is headquarters of the Shriners in this part of the country. The matter will be placed before the Louisville body at its next meeting.

All that keeps people from committing suicide Christmas eve is a curiosity to learn the worst next day.
